

2020 Robinson Research Institute TECH Bootcamp

Do you want to see where a career in science & technology can lead you?

Spend a week doing hands-on work with some of New Zealand's top researchers. From engineering, applied physics & chemistry through to industrial design, our team is developing next-generation technologies and solving real world problems with industry partners.

The 2020 Robinson Research Institute TECH Bootcamp is a weeklong residential intensive experience for Year 12 and 13 Māori & Pasifika students with a passion for science, engineering & technology. Hosted at our Gracefield site you will spend the week being exposed to what a career in science could look like for you in a cutting-edge environment. There will be site visits with other organisations that we work with, hands on experiments and evening events and activities. Spaces are limited.

Learn more about **Victoria Universities Robinson Research Institute** by visiting our website: www.wgtn.ac.nz/robinson
