# Explore the new NCEA Level 1 science standards

**Kohia Centre  
Wednesday  
10 February 2021  
9:30am – 2:30pm**

## What's with the new science standards?

This workshop will explore the potential of a teaching and learning program assessed by the four new L1 science standards

You will:

- understand the rationale and requirements of each standard
- learn how to design a course that reflects Māt auranga Mā ori principles
- design a course that assesses these new standards
- amend and develop suitable resources
