Alberton Ave, Mt Albert

Parking: enter
main gate and
continue to
pool carpark

PREPARING STUDENTS FOR LEVEL 1 SCIENCE

Aim

Produce resources for Year 9 & 10 students to start developing the skills they need for the new Science standards

To prepare for this session you can:

- read over some selected resources [here](#)
- hunt out and bring along some possible resources to prepare junior students for any of these Year 11 standards. They may be incomplete, as we will further develop and share these with others in the workshop
- take part in NZASE webinar with pilot schools who have trialled Science 1.4. To be held on 17 of August at 5:00pm. Details can be found [here](#)

RSVP:

By Wednesday 17th of August
Please fill in [this form](#) to help us
with numbers for catering purposes
