PHYSICS TEACHERS DAY

WELLINGTON

Friday 11th November 2022
Front Foyer of the Laby Building
Kelburn Campus

This day is designed to provide you with:

- Insight into some latest developments and applications of physics research
- An opportunity to network and talk about physics with fellow teachers
- Workshops with resources and ideas for teaching and learning for physics
- The event will be held in our new Physics teaching spaces at VUW, so it is a great chance to have a tour and look at the new learning environment here

PROGRAMME

9.30 *Registration*

10:00 Welcome and housekeeping – Ben Ruck & Natalie Plank

10.15 Introduction to our new major in Space Science - Yvette Perrott

11.00 *Morning tea*
