NAVIGATING THE NCEA CHANGE

Middle Leader + HOD

PLANNING WORKSHOPS

TE TAI TOKERAU | JUNE & JULY | 2023

These practical workshops for middle leaders look at the NCEA Change Programme from a subject-specific perspective, with a particular focus on course planning.

They will look at how departments and faculties might use the *Big Ideas* and *Significant Learning* to plan Level 1 courses for 2024, and how the currently available information about Achievement Standards could inform this planning.

**These workshops
are free of charge.**

Register for each workshop via the link below.

Please indicate using the registration link, if you would like an online alternative made available, early next term.
