

BIOLOGY TEACHER PROFESSIONAL DEVELOPMENT DAYS 2024

In association with **BEANZ**, the Maurice Wilkins Centre is thrilled to present the **2024 Biology Teacher Professional Development Programme**.

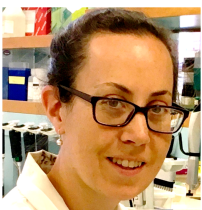

We hope you are as excited as us with our line-up of speakers and their topics! Topics will be a selection from:

Dr Andrew Munkacsi

Victoria University of Wellington

Medicine-guided chemistry and genomics to support Maori and Pasifika communities

Dr Catherine Collins

University of Otago

Genetics, phylogeography, and human migrations

Dr Alan Cameron

University of Auckland

Modifying biomolecules to tackle challenges in infectious diseases

Jordon Lima

University of Otago

Cancer, genetics, and improving cancer care in Tairāwhiti

Prof Dave Grattan

University of Otago

Homeostasis/Thermoregulation

*School hours days,
morning tea and lunch
provided!*

Free registration
